

RoHS Statement of Compliance Directive 2011/65/EU

Date: 12/03/14

Subject: Directive 2011/65/EU

Products manufactured by Generant Company, Inc. at the Butler, New Jersey Facility, have been evaluated by an independent third party, and are deemed as compliant to the requirements of EU Directive 2002/95/EC "Restriction of Hazardous Substances in Electrical Equipment" (RoHS).

In addition, a review has been conducted of the Directive 2011/65/EU which has replaced EU Directive 2002/95/EC and it has been determined that all products currently manufactured by Generant Company, Inc. at the Butler, New Jersey Facility are deemed as compliant to the requirements of Directive 2011/65/EU "Restriction of the use of certain Hazardous Substances in Electrical and Electronic Equipment" (RoHS).

Our brass products containing lead are made from materials compliant to the Directive 2011/65/EU, Annex III 6(c) Copper Alloy containing up to 4% by weight.

A handwritten signature in blue ink, appearing to read "BB", located below the text of Ben Buren.
